## What's on at the Museum and online Summer 2022

### From July

#### **Pop up exhibition: Hyde Park Bombing Commemoration From 20 July**

Remembering this tragic event on home soil, 40 years on. A new digital display of personal memorabilia supports our cabinet of historic and commemorative artefacts and a rare opportunity to see the saddle of Sefton, one of the horses that survived the attack.

A new documentary also tells the stories of the soldiers who were there. See our social media channels for more information.

#### **Online lecture: Colonel Fred Burnaby of The Blues Wednesday 13 July, 6.30-7.30pm**

During his lifetime, Colonel Fred Burnaby was an intrepid traveller, a prolific author and journalist, a pioneering balloonist, a failed politician, and an occasional soldier. He was also a highly controversial public figure, whose death at the Battle of Abu Klea in 1885 led to public mourning and caused a military scandal that lasts to this day.

Part of our **Household Cavalry Regimental Historian lecture series** running until February 2023.

### From August

#### **Pop up activities: Summer Shelter Challenge**

Learn the fundamentals of seeking and creating shelter in our on site pop up tent and rise to the challenge of creating your own.
